

COMBINED DECLARATION AND POWER OF ATTORNEY

I, **Marschall S. Runge**, hereby declare that:

My residence, post office address and citizenship are as stated below next to my name, I believe I am the original, first and joint inventor, together with **Scott W. Ballinger** and **Bennett Van Houten** of the subject matter which is claimed and for which a patent is sought on the invention entitled, **Mitochondrial DNA Damage as a Predictor of Coronary Atherosclerotic Heart Disease**; the specification of which is attached hereto and which claims benefit of priority under 35 USC §120 of Application Number USSN 09/231,093, filed January 14, 1999.

I hereby state that I have reviewed and understand the contents of the above-identified specification, including the claims, as amended by any amendment referred to above. I acknowledge the duty to disclose all information I know to be material to patentability in accordance with Title 37, Code of Federal Regulations, §1.56(a), including information which became known to me between the filing date of the prior application and the national or PCT international filing date of this continuation-in-part patent application.

I hereby appoint the following attorneys and/or agents to prosecute this application and to transact all business in the Patent and Trademark Office connected therewith: Dr. Benjamin Adler, Registration No. 35,423. Address all telephone calls to Dr. Benjamin Adler at telephone number 713/270-5391. Address correspondence to Dr. Benjamin Adler, Adler & Associates, 8011 Candle Lane, Houston, TX 77071.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patents issued thereon.
